

THE FULL QUIVER MISSION: THE MURCH FAMILY

You might find another family equally committed to the Lord Jesus Christ and another family just as determined to make every breath they take and every move they make a witness to their gratitude for the gift they have received from the Lord Jesus Christ. They might be running alongside the Murch's, but you'll not find another family in front of them. Bruce Evan Murch has made sure of that.

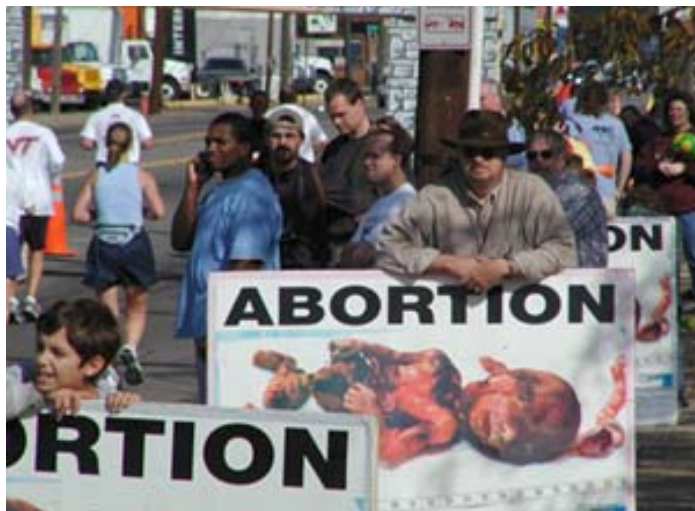

But don't expect to hear that from him. Bruce Murch will tell you it's the Lord Jesus Christ the whole family has to thank for making them an example of "no buts about it" Christianity. And he will tell you quick, and he'll tell you often, and he'll tell you whether you want to hear it or not. He'll tell you just like he's been telling everyone for the last twenty years who found themselves within ear shot of his voice that shoots loud as anyone's and as true as any voice still found in the flesh is likely to do. He'll tell you about the Jesus who saved him when he was undone, lost in sin, entrapped by drugs and lust and the sins of the flesh, so that only a miracle could set him free.

Years ago, Bruce Murch got that miracle from the Lord Jesus Christ; and if you're a betting person, you will do well to bet Bruce Murch will die trying to show Jesus Christ how grateful he is for the gifts he received.

MINISTRY OF FULL QUIVER MISSION

During the years of 1989-1995, Bruce was arrested approximately 50 times, spending an accumulated year and a half in jail for Operation Rescue events to save the babies.

Bruce and several others founded the American Coalition of Life Activists. Their goal was to use traditional Free Speech activities. They made posters exposing abortionists in their neighborhoods and offering rewards if any criminal conduct could be found against them.

Bruce and Family at Richmond Marathon

The family is committed to several areas of ministry:

◆ To boldly proclaim the Gospel in the Marketplace, to show the people their sins and preach the necessity of people to REPENT of their sin, and believe in the redemptive work of Christ's death burial and resurrection.

◆ To battle the abomination of abortion, the legalized slaughter of children made in the image and likeness of God.

They do this with public displays of graphic signs, which show the brutal truth of what abortion is. They also hand out literature and do street preaching. They take these signs on the road periodically

and do anti-abortion tours in various parts of the country.

In 1994, Planned Parenthood and several abortionists sued Bruce and the founders and directors of ACLA for "threatening their lives".

The lawsuit, commonly known as "the Nuremberg Files" lawsuit, has wound its way to the US Supreme Court where it will define whatever the present Supreme Court thinks the words in the First Amendment to the Constitution mean this week.

Bruce, like all the defendants, was bankrupt by the lawsuit and his family is supported by the ministry activities the Murch family participates in twelve months of the year.

◆ To bringing God's will concerning His plan for families to Christians who have taken the world's view of Birth Control and insist on preventing the Blessings and Rewards that God would otherwise give them.
