

# WE MUST FIND A POLITICAL PARTY TO LEAD US TO RESTORE GOD'S PLAN FOR GOVERNMENT

for where no law is, *there is* no transgression. Romans

## WHY A POLITICAL PARTY IS NECESSARY

For thirty years Christians have claimed to be attempting to abolish legalized abortion by preaching the gospel. But the gospel cannot have saving effect unless the law is there to be the schoolmaster leading people to the Lord Jesus. Why? Where there is no law; there is no transgression, that's why.

God's law must be restored in the United States of America or people will simply not believe they are sinning when they butcher God's children under color of the law, when they commit unspeakable perversions and sexual idolatries. The law of God that defines these things as sin must be realized as law by the government of the USA.

The change of heart that must occur in this nation will begin when all the citizens of this nation realize their lives are being endangered because they have allowed themselves to become outlaws in the kingdom of God.

A political party is precisely the vehicle that God can use to accomplish this change of heart. A political party will be used by God to teach the citizens of the USA these things. In this way the law will be the schoolmaster that, as Scripture tells us, will lead us to Christ.

Without a political party, the law will not be changed. Obviously nothing like the kind of coordinated national movement described here can occur without the most effective organizational structure available to the mind of man. That is why for the last fifteen years a political party has been being formed to carry out the strategy defined here. It's name is The Creator's Rights Party. It is the vehicle that can be used by God to abolish legalized abortion in our lifetime.

A political party is necessary is because the abolition of legalized abortion will finally require political change in the USA. Without this political change, legalized abortion will continue forever. As noted above, the law will be established and this will change the hearts of people so that they will cooperate with the political changes that will abolish legalized abortion in the United States of America.

## WHY The Creator's Rights Party and not some other?

Names are important because many times they tell us exactly why something exists. For example, an oil drilling platform is a perfect name if it describes a platform used to drill oil. In the same way The Creator's Rights Party is a perfect name because it is The Creator's Rights that need to be restored to their rightful place in this nation before legalized abortion can be abolished.

To see what I'm talking about, consider this: God, The Creator, is forever who He is. Nothing can alter Him in Himself. But people can alter His rights by refusing to glorify Him as God. That is the entire point of Romans 1: 17ff. People can treat God as if He does not have the right to rule over His creation. In fact, the entire Bible is a story about how God goes about dealing with His creatures when they presume to treat Him as if He has no Rights that people are forced by law to acknowledge and obey.

It is precisely this message about God that has been destroyed in government in this generation. That is why no other political party like the Republican, or the Constitution or the Democratic party can be used to restore The Creator's Rights to their rightful place of authority in this nation. The names of those parties demonstrate that they are about a different topic than the topic of The Creator's Rights. Even if candidates from those parties decided to start talking about the things The Creator's Rights Party talks about, there would be nothing within those other political party structures to hold the party itself to the defense of The Creator's Rights. With The Creator's Rights Party, the name itself becomes a check and a balance on all the messages being sent forth by the candidates who claim to speak in the name of The Creator's Rights Party.

# THE CREATOR'S RIGHTS PARTY

## *Organizing To Fight For The Creator's Rights*

### **WE HAVE TRIED EVERYTHING ELSE.**

The strategy embodied by The Creator's Rights Party is the next logical step in resistance to idolatry. We do this or we prove we are self-deluded cowards unworthy of the name "man" much less "man of God."

Face it: people who keep doing the same thing over and over, yet expect different results, like is presently being done in the "pro-life movement"...well, those people are either stupid or don't really want change. If you want things to change, and they don't change after current procedures, you institute different procedures. Simple as that.

Unhappily for us all, **the easy things have already been tried and failed.** Now we're left with the hard things. No loving person wants to walk into harm's way. But some things are not only worth living for; they are worth dying for. The things being discussed by the Creator's Rights Party are not matters of ordinary social discourse, they are matters that go to the foundation of our way of life, to the heart of God's priorities. Such matters cannot be ignored without making oneself a coward.

There is a very thin line between prudence and cowardice. That line is crossed when something that needs to be stopped is refused arrest. In other words, prudence can always be used as an excuse for refusing to arrest evil. But such a "prudence" is simply cowardice by another name.

This generation that calls itself "God's people" is going to be forced to choose between obedience and cowardice. The Creator's Rights Party is that instrument of choosing. Our actions force everyone who encounters our words and deeds to choose where they stand today. Do you stand in the arms of a "prudence" that is simply another name for cowardice, or do you stand up and resist the desecration of God's authority in this generation with a strategy that can arrest it or die trying?

By allowing your eyes to wander to this place and time, you are, even now, being forced to choose. Are you a coward who uses all the bountiful blessings provided by the God and Father of all creation and then refuses, when harm's way arises, to stand in the breach? If you are not a coward that uses prudence as the coward's way out, you really can't go wrong making yourself known to the Creator's Rights Party. You

might get killed, but you won't go wrong.

Why do I suggest lives will be lost because of The Creator's Rights Party? Absolute determination to see God's plan for government enforced in this nation, even when that plan is defined in precisely the same terms chosen by the Founders of this nation, is presently seen to be unamerican, unchristian, and unwhatever it is the majority is presently supporting. All the great majority (whether they call themselves christian, jew, democrat, republican, or whatever) cares about in this nation is serving the god that is their belly. They are willing to do virtually anything to preserve the present condition of "peace" and "prosperity" and "wellness."

They will sacrifice their own children to maintain their "right to choose." Why would they hesitate to destroy those they recognize truly pose a threat to the status quo?

Make no mistake about it: the sound you hear rising from the words you are reading is the sound of change. Were these words to be heard across this land, change will follow in their wake. And it is change that people hate today. Anything that smacks of change is seen to be the enemy, evil, taboo. Why? We have got it made. Peace and prosperity abound. All we have to do to maintain our "peace" is kill all the unborn children we think might get in the way—oh, and we also must keep those who truly represent change from disturbing the "peace".

"Prudent" people (read cowards) are frightened by The Creator's Rights Party because they understand we represent real change and they know real change will inevitably disturb the "peace." In fact, were this party to receive sufficient support to command access to the mass media, the only thing that would restrain the majority from utterly squashing the Creator's Rights Party is the fact that the providence of God allowed laws to be instituted in the USA that presently gives us a license to speak the truth. While it is clear that such a license is presently attempting to be revoked by the majority, it is still in effect and will allow The Creator's Rights Party the opportunity to flourish for the foreseeable future.

The Creator's Rights Party can bring about change. Given the protection

the law presently affords us, it is a reasonable possibility that every person in this nation could be confronted with God's plan for government before the final decisions are made that will determine the fate of this party. To participate in confronting this nation with God's plan for government is worth whatever such an activity might cost those who participate. At least then we will have the opportunity to die trying to do what God created us to do. Without The Creator's Rights Party, there is only the slow death of collaboration and accommodation and cooperation with those whose goal it is to destroy the Creator and the unalienable rights He endows to all people.

The Creator's Rights Party is the only authentic instrument of change sanctioned by God Himself available to you in this nation. Here's why: The words penned in the Declaration of Independence were sanctioned by Almighty God Himself in the verdict He rendered in the Court of Last Resort during the Revolutionary War. There the Founders of this nation took their "self-evident truths" into that Court where no majority will ever rule. There the fighting men of this nation were given a sanction by God, a sanction that still stands today. That sanction can never be revoked by any majority, no matter where that majority happens to be seated. The only way that sanction can be revoked is through a verdict handed down in the Court of Last Resort. The Creator's Rights Party is committed to preserving the sanction provided to God's plan for government defined in the Declaration of Independence. If you are committed to that goal as well, you are already a member of The Creator's Rights Party. You need to let us know you're out there. Finally, you will hear many people who call themselves "God's people" speak out in no uncertain terms against The Creator's Rights Party. Mark those people well. They prove by their words that they have never intended to stop the desecration of God's authority in this generation. They are abject cowards who will use the Word of God to fill their own bellies rather than glorify the Creator.

### **WITHOUT THE CREATOR'S RIGHTS BEING DEFENDED, THE USA IS DESTROYED**

**No one has unalienable rights unless The Creator is seen to be the source of rights.** Moving people to understand rights and right has been God's plan for government since the beginning of time. And that is still God's plan for government today. Restoring that plan to its rightful place of authority in this nation is the goal of The Creator's Rights Party.

### **God's Plan For Government Further Defined**

**The words in the Declaration of Independence** did in the beginning of this nation, do now, and will always, define God's plan for government as long as there is a United States of America. That plan has been duly sanctioned in the Court of Last Resort by The Creator, Almighty God, the King of kings.

Hear God's Plan as it was originally stated by the Founders of the USA: "We hold these Truths to be self-evident; that all Men are Created equal; that they are endowed by their Creator with certain unalienable Rights; that among these are Life, Liberty, and the Pursuit of Happiness.—That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed,—That whenever any Form of Government becomes destructive of these ends, it is the Right of the People to alter or to abolish it, and to institute new Government, laying its foundation on such principles and organizing its powers in such form, as to them shall seem most likely to effect their Safety and Happiness."

### **Who Belongs to The Creator's Rights Party?**

Believing that the words in the Declaration of Independence define God's plan for government makes you a member of The Creator's Rights Party.

### **What Will the Party Do?**

By attacking the lies, ignorance and bone-headed stupidity that have destroyed God's plan for government, The Creator's Rights Party will restore that plan to its rightful place of authority over the people of this nation. Through the implementation of a secession movement, The Creator's Rights Party will force the majority to return to a right relationship with God or else force the destruction of the presently united States of America.

### **Why Join The Creator's Rights Party?**

The present political party structure in the USA has totally failed to defend God's plan for government. The present crop of politicians has not only thrown God's plan for government in the well, their policies actively abet the growing terrorism. God's plan must be restored, for without it the grace necessary to sustain life in this nation will be withdrawn. Your assistance can ensure that God's plan will be restored.

### **EVIDENCE PROVING THE PRESENT POLITICAL STRUCTURE HAS VIOLATED GOD'S PLAN FOR GOVERNMENT**

- God Outlawed In Public Schools
- Courts Abandon idea of God in Legal Reasoning Process
- Supreme Court Overrules Will of God in Legalized Abortion
- Doctors Ignore God and Become Agents of Death
- Police and Military Forces Become Instruments of Tyranny By Enforcing Tyrannical "Laws"
- Homosexuals Introduce Perverted Image of God by Claiming God Created Them to Be Homosexuals

### **THE TIME FOR ACTION IS AT HAND!**

There is a non-violent solution to the problems growing in this nation. The name for the solution is secession.

In a situation where people have done all they know to do to arrive at agreement and mutual consent through the methods of rational discourse, there is an alternative to violence that has not been discussed in this generation. It is called secession. If all other means for arriving at agreement concerning God's plan for government fail, those committed to preserving God's plan for government will have no alternative but secession.

If you are unclear about what we mean by God's plan for government, reread the words in the Declaration of Independence. Those words clearly authorize secession as an alternative to domestic terrorism.

The Creator's Rights Party believes it is about time the people of this nation realized that the process of debate and civil discourse will not be used as a subterfuge hiding the revolution presently destroying God's plan for government. People in this nation need to realize that before God's plan for government is totally destroyed in this nation, secession of the States will become a present reality. Won't you support us so we won't be forced to take this matter back to the Court of Last Resort?
